***Allowable Subject Matter***

1. Claims 1-7 are allowed. The following is an examiner's statement of reasons for allowance:

With respect to claims 1-7, the prior art of record neither anticipates nor renders obvious all the limitations of the base claim including: a surface-mounted component mounted on the first face of a multi-layer wiring board and connected with the first and second power terminal electrode at a first face of the surface mounted component; wherein an insulator covering at least a second face opposite to the first face of the surface mounted component; and a power supply pattern disposed on a second face opposite to the first face of the insulator and connected with the first power terminal electrode and the second power terminal electrode. Claims 2-7 depend from claim 1, and thus are also allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
